INNOVATION IN LIGHTING TECHNOLOGY

# About ELT

ELT - Especialidades Luminotécnicas S.A.U. is a Spanish group specialised in the design, manufacture and marketing of lighting systems and components which, over its more than 40 years, has achieved a position of leadership in the market.

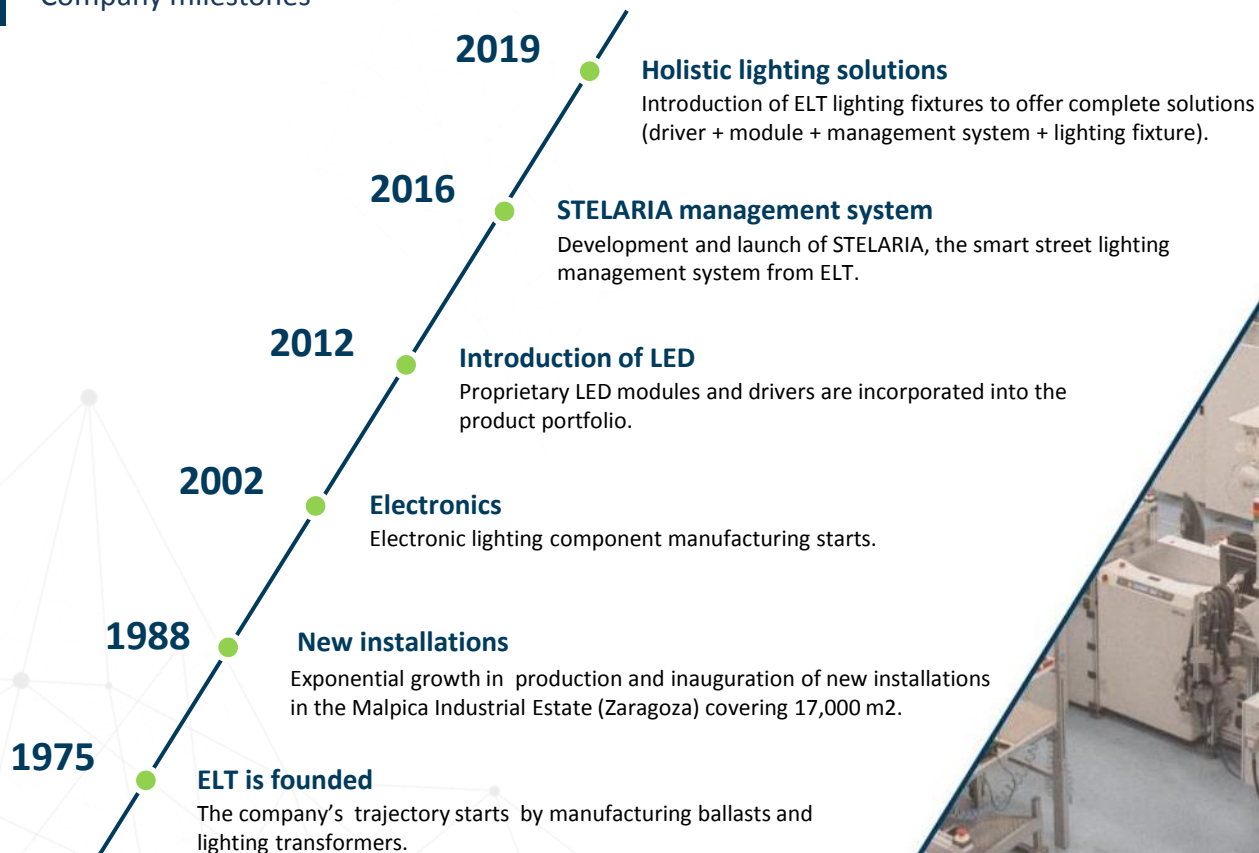

With a clear focus on quality founded on innovation and the development of new products and technologies, ELT devotes considerable resources to finding technologically-advanced market solutions to connectivity, remote end-to-end street lighting management, customised engineering projects and system interoperability.

“ Global supplier of  
lighting services and  
solutions ”

# Our journey

## Company milestones

# The value of our brand

## Global outlook

World reference  
We export to over 100 countries

Specialisation, efficiency  
and growth

## Technical culture

## Commitment to service

Proximity, flexibility and  
commitment

Integrated  
business  
model

Over 40  
years of  
experience

Highest  
standards  
of quality

Investment  
in R&D+i

Made in  
Spain

# Lighting technologies

**led**

Constant voltage and constant current LED components as well as control systems for cutting-edge lighting.

**FLUO**

Ballasts and lighting drivers for fluorescent and compact lamps.

**HiD**

Ballasts and power supply devices for sodium discharge and metal halide lamps.
