Function overview

Operation

1. **Pairing**

   a. Connect the device according to the wiring diagram.

   b. Activate the remote control by pressing the ON/OFF button.

   c. Press the RF Code Key on the receiver.

   d. Click a zone number to pair the receiver to the required zone.

   e. Touch the brightness wheel.

   f. The LED light will flash to confirm pairing has been successful.

2. **Cancel pairing**

   a. Activate the remote control by pressing the ON/OFF button.

   b. Hold the RF Code Key on the receiver down for more than 5 seconds until the LED light flashes. Pairing is cancelled.

Safety warnings

1) This product must be installed and serviced by qualified personnel.

2) IP20. Protect from sun and rain. For outdoor installations, make sure it is housed inside a waterproof enclosure.

3) Always ensure the device is installed in a properly ventilated area to avoid overheating.

4) Make sure that the output voltage of any LED power supply used complies with the working voltage of the product.

5) Never connect any cables while the power is on. To avoid short circuits, check the connections are correct before switching on.

6) Check that cables are securely attached to the terminal blocks.

7) Please contact your supplier for updated information.
